

Unleash your potential with NORCAT's Surface Miner Development Series

Fully Funded 6-Week Program Now Available in Thunder Bay

NORCAT is thrilled to offer two upcoming Surface Miner Development Series programs, a fully funded 6-week program that will give you the skills and confidence to pursue careers in the mining, exploration, construction and forestry sectors. With support from Ontario's Skills Development Fund, we're committed to promoting diversity and inclusion in the workforce by prioritizing individuals from underrepresented demographics and ensuring equal access to skills development opportunities.

NORCAT is a global leader in equipping the current and future skilled labour workforce with the right tools to succeed in meaningful, sustainable and rewarding careers.

Our Surface Miner Development Series programs are delivered at our all-inclusive training facility in Northwestern Ontario, allowing participants to pursue their career dreams close to home.

NORCAT's Development Series Programs

Your Path to a Rewarding New Career Starts Here – Reserve Your Spot Now!

Northern Ontario continues to see a growing demand for trained, skilled, safety conscious and production ready machine and equipment operators to fulfill meaningful roles in priority industries, including forestry, mining, exploration and construction. NORCAT's Development Series programs aim to address this demand by providing experiential, hands-on training to prepare participants for real world workplace expectations.

Previous participants in the Development Series Program graduated with offers of employment in hand. Do you want to start an exciting new career, earn a bigger paycheck and empower career-building opportunities for your community? Reserve your spot now!
