

CALL FOR INTEREST: CERTIFIED WATER and/or WASTEWATER OPERATOR TRAINING

Starting **S P R I N G 2 0 2 5**

Are you looking to train more community members as drinking water operators?

AETS has an opportunity to assist communities to gain certified drinking water operators starting spring 2025, and we are seeking community members interested in participating.

What we can offer:

- **Up to six individuals per community working at your water treatment plant**
- **All costs of tuition, fees, travel, accommodation, childcare, in-class wages, personal protective equipment and equipment/supplies (tools, laptop, calculator, backpack, etc.) covered through an ISC agreement with AETS**
- **AETS would be applying for external funding for wage subsidies during on-the-job training**

If you're interested in training more operators in your community, express your interest now!

Please contact Nancy Bouchard, ISET Program Coordinator, to express your interest no later than 4:30 pm Monday October 28, 2024.
